

Continuity Planners Australia

A Division of Nisbet & Associates Pty Ltd

Business Continuity Plans for Schools and Colleges

Continuity Planners Australia offers a range of business continuity services to meet the needs of schools and colleges. We will assist you to prepare and test your business continuity plans.

Rehearsing Your Business Continuity Plan

Exercising your plan is strongly recommended to ensure the plan meets the needs of your school or college. Plans should be tested at least annually as people move on and situations change.

Desktop crisis management rehearsal \$2900

School and College Pack \$4000

- A structured interview on your premises with your principal and senior staff to identify business continuity plan requirements.
- Development of your individual school or college's business continuity plan document.
- Provision of our crisis management team handbook and critical records and resources template.
- Continuity Planners Australia review and follow-up program.

If you are out of action for a week, how would that affect the lives of your students?

Optional Online Plan Storage \$900

We can supply access to the Australian developed Continuity Coach, where your plan and supporting documents can be stored on line for immediate access in a crisis.

For information on Continuity Coach see www.continuitycoach.com

We develop a scenario tailored to your situation and one of our senior consultants will facilitate a rehearsal for your crisis management team and/or workplace recovery staff.

We will document the test and its outcomes for you in a brief written report.

"Live" crisis management rehearsal \$2900

The crisis management team members move to their command site and rehearse implementing their crisis management using a simulated "live" situation.
